Profile

Experienced and creative web designer and frontend developer with an Experienced and creative web designer and frontend developer with a strong foundation in React.js. Demonstrated ability in delivering visually appealing and user-friendly websites and applications. Proficient in HTML, CSS, JavaScript, and responsive design. Successful track record of collaborating with cross-functional teams to meet project requirements and deadlines.

Education

Vinoba Bhave University   Hazaribagh, Jharkhand.

Bachelor of Commerce   2015 – 2018

Work Experience

Codes for Tomorrow   Indore, Madhya Pradesh.

React JS Developer   Oct 2023 to Present

- Developed and maintained scalable and responsive web applications using React.js.
- Collaborated with UX/UI designers to implement design mockups and ensure a seamless user experience.
- Implemented state management using Redux to efficiently manage the application's state.
- Integrated RESTful APIs and third-party libraries to enhance application functionality.
- Conducted code reviews to ensure code quality, adherence to coding standards, and best practices.
- Utilized Git for version control, enabling seamless collaboration and codebase management.

EightTech Projects   Ahmedabad, Gujarat.

React JS Developer   April 2022 to Sep 2023

- Designed and developed responsive websites using HTML, CSS, JavaScript, React Js, Next.
- Collaborated with cross-functional teams to understand and implement design requirements.
- Integrated APIs to fetch and display dynamic content, enhancing user engagement.
- Manage client relationships and collaborated with clients to understand their business needs and design.
- Optimized website performance and user experience through A/B testing and usability testing.
- Assisted in front-end development tasks, including HTML, CSS, JavaScript, and react coding.

Earth Technology Private Limited   Kolkata, West Bengal.

Web Designer   Feb 2020 to Mar 2022

- Designed and developed responsive and intuitive websites for clients across various industries.
- Translated wireframes and mock-ups into HTML, CSS, and JavaScript code, ensuring seamless user experiences.
- Managed client relationships and collaborated with clients to understand their business needs and design.
- Created visual assets for websites using Adobe Photoshop, Illustrator, Figma, and Canva.
- Collaborated with developers to ensure design feasibility and seamless integration of front-end and back-end technologies.
- Contributed to design system development, improving design consistency and efficiency across projects.

PHP Training Kolkata   Kolkata, West Bengal.

Web Development Training   Sep 2019 to Jan 2020

- I learned how to structure web content, create forms, and use semantic mark-up to build accessible web pages.
- I gained proficiency in styling web pages, understanding the box model, and implementing responsive design principles.
- Created a responsive website from scratch using HTML and CSS, focusing on user-cantered design.
- Developed interactive web applications using JavaScript to enhance user engagement.

Language:	HTML5, CSS3, JavaScript, JavaScript (ES6+), Ionic, SCSS, jQuery, PHP, and Typescript.
Version Control:	Git, GitHub.
API Integration:	RESTful APIs, JSON.
Software:	Figma, Adobe Photoshop, Adobe illustrator, Android Studio, JDK and Canva.
Concepts:	Created design on HTML CSS and JavaScript, working on MVC, Ajax.
Technologies:	Website design and App design.
Database:	SQL, MySQL.
Framework:	CodeIgniter, Laravel, Ionic, React, Angular JS.
Project Management:	Agile/Scrum methodologies
CSS Framework:	Bootstrap, Tailwind, Material UI.

Projects

Web3 Onboarding   Oct 2023

- Led development of Web3 Onboarding Platform on Next.js, streamlining cryptocurrency purchases. Implemented designs, robust login authentication, content integration, "Contact Us," and Stripe payment gateway. Demonstrates expertise in Next.js, React, and effective end-to-end solution delivery for enhanced user experience and secure transactions.
  Tech: Next.JS, Tailwind, Stripe, NodeJS.
  Link: https://web3onboarding.com/

ITA-coin admin   Sep 2023

- ITA-Coin Admin Panel streamlines user account and cryptocurrency transaction management. Empowering administrators to oversee activities, update user info, and manage purchases, it prioritizes simplicity and functionality. The platform ensures efficient administration, security, and an intuitive experience, enhancing overall user satisfaction.
  Tech: React.JS, Webpack, Tailwind, Stripe, NodeJS.
